ANNOUNCEMENT

REVISION OF ANNUAL CAPS FOR CONTINUING CONNECTED TRANSACTIONS UNDER FINANCIAL SERVICES FRAMEWORK AGREEMENT

Reference is made to the announcement of the Company dated 9 December 2016 in relation to, among others, the Financial Services Framework Agreement entered into between the Company and Sinochem Finance. Pursuant to the Financial Services Framework Agreement, the Group will continue to utilize the financial services available from Sinochem Finance as it deems necessary during the period from 1 January 2017 to 31 December 2019 (both days inclusive).

The Board announces that on 17 January 2018, the Company and Sinochem Finance entered into the Supplemental Agreement to revise the maximum daily outstanding balance of deposits placed by the Group with Sinochem Finance under the Financial Services Framework Agreement for each of the two years ending 31 December 2019, and to amend certain terms of the Financial Services Framework Agreement for the benefit of the Group.

IMPLICATIONS OF THE LISTING RULES

Sinochem Finance is a wholly-owned subsidiary of Sinochem Corporation, which is owned as to 98% by Sinochem Group. Sinochem Group is the ultimate controlling shareholder of the Company, holding an effective interest of approximately 52.65% of the Company. Accordingly, Sinochem Finance is a connected person of the Company. Pursuant to Chapter 14A of the Listing Rules, the financial services provided by Sinochem Finance to the Group under the Financial Services Framework Agreement (as revised by the Supplemental Agreement) constitute continuing connected transactions of the Company.

Given that the applicable percentage ratios in respect of the maximum daily outstanding balance of the Deposit Services under the Financial Services Framework Agreement (as revised by the Supplemental Agreement) are more than 5%, the Deposit Services are subject to the reporting, announcement, annual review and Independent Shareholders' approval requirements under Chapter 14A of the Listing Rules. In addition, given that the applicable percentage ratios in respect of the maximum daily outstanding balance of the Deposit Services under the Financial Services Framework Agreement (as revised by the Supplemental Agreement) are more than 5% but less than 25%, the Deposit Services also constitute a discloseable transaction under Chapter 14 of the Listing Rules and are subject to the reporting and announcement requirements.

Pursuant to Rule 14A.90 of the Listing Rules, the Loan Services (excluding entrustment loans) provided by Sinochem Finance to the Group are exempt from the reporting, announcement, annual review and Independent Shareholders' approval requirements under Chapter 14A of the Listing Rules, as the Loan Services constitute financial assistance provided by a connected person for the benefit of the Group on normal commercial terms where no security over the assets of the Group is granted in respect of the financial assistance.

Given that the applicable percentage ratios in respect of the annual caps of the Other Financial Services are more than 0.1% but less than 5%, the Other Financial Services are subject to the reporting, announcement and annual review requirements but are exempt from the Independent Shareholders' approval requirement under Chapter 14A of the Listing Rules.

The Company will convene a SGM to seek approval from the Independent Shareholders in respect of the Deposit Services (including the maximum daily outstanding balance) under the Financial Services Framework Agreement (as revised by the Supplemental Agreement). An Independent Board Committee of the Company has been formed to advise the Independent Shareholders in respect of the Deposit Services (including the maximum daily outstanding balance) under the Financial Services Framework Agreement (as revised by the Supplemental Agreement). Somerley Capital Limited, a licensed corporation to carry out type 1 (dealing in securities) and type 6 (advising on corporate finance) regulated activities as defined under the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong), has been appointed as the Independent Financial Adviser to advise the Independent Board Committee and the Independent Shareholders in this regard.

As additional time is required to prepare and finalize certain information for inclusion in the circular, the Company will dispatch the circular to its shareholders on or before 12 February 2018, which contains, among others, the details of the Financial Services Framework Agreement (as revised by the Supplemental Agreement), a letter from the Independent Board Committee, a letter from the Independent Financial Adviser, and a notice to convene the SGM.

REVISION OF ANNUAL CAPS

Deposit Services

The Company intends to revise the maximum daily outstanding balance of the deposits placed by the Group with Sinochem Finance for each of the two years ending 31 December 2019 from RMB320,000,000 to RMB1,000,000,000 due to the following reasons:

- (i) The Group maintains sufficient bank balances and cash. During the peak season for the sale of fertilizer products in the past three years, its maximum bank balances and cash reached RMB2,200,000,000;
- (ii) Comparing to other financial institutions, Sinochem Finance does not charge the Group any service fees in respect of the settlement services provided. However, given that the original cap is relatively low, the Group cannot deposit most of its funds with Sinochem Finance to utilize the settlement services free of charge, especially during the peak season for the sale of fertilizer products when the funds of the Group are sufficient; and
- (iii) The Group is actively pushing forward the new strategy for agricultural development and will therefore require more financing support and financial services in the future. The Loan Services and Other Financial Services provided by Sinochem Finance are more flexible than those offered by commercial banks, with more favourable rates being offered. The increase in the maximum daily outstanding balance of deposits placed by the Group with Sinochem Finance will be beneficial for the Group to develop its new strategy by taking advantage of the resources provided by Sinochem Finance, which will enable the Group to enjoy more quality financial services.

For the three years ended 31 December 2017, the maximum daily outstanding balance of the deposits placed by the Group with Sinochem Finance were approximately RMB271,369,000, RMB155,057,000 and RMB300,069,000, respectively.

As at the date of this announcement, the maximum daily outstanding balance of the Deposit Services under the Financial Services Framework Agreement has not exceeded the original cap as disclosed in the announcement of the Company dated 9 December 2016.

Other Financial Services

The annual cap in respect of the Other Financial Services for each of the two years ending 31 December 2019 will remain unchanged at RMB10,000,000. Such cap represents the estimated transaction amount of the Other Financial Services in aggregate and has been estimated on the basis of several factors, including (i) the capital management strategy of the Group; (ii) the business development and financial needs of the Group; and (iii) the historical transaction amounts of such services.

For the three years ended 31 December 2017, the historical transaction amounts of such services in aggregate were approximately RMB2,114,000, RMB2,943,000 and RMB4,859,000, respectively.

INTERNAL CONTROL PROCEDURES AND CORPORATE GOVERNANCE MEASURES

In order to protect the interests of the shareholders, the Group will continue to adopt the following internal control procedures and corporate governance measures in relation to its utilization of financial services provided by Sinochem Finance:

- Before the Group enters into any loan or credit facilities agreements with Sinochem Finance in relation to its borrowings from Sinochem Finance, it will obtain at least three comparable offers from independent commercial banks or financial institutions for a loan of the same term or a credit facility of the same nature (as the case may be). The terms of such offers, together with the offer from Sinochem Finance, will forthwith be submitted to the chief financial officer of the Company for review. The chief financial officer of the Company will seek approval from the chief executive officer of the Company as appropriate on whether to accept Sinochem Finance's offer.
- All borrowings of the Group from Sinochem Finance (including drawdowns from credit facilities) will be conducted in accordance with the terms approved by the chief financial officer of the Company or the Board, as appropriate.
- A report on any changes in the credit ratings of Sinochem Finance during the term of the Financial Services Framework Agreement (as revised by the Supplemental Agreement) will be provided by Sinochem Finance to the Company.
- The financial statements of Sinochem Finance for each month will be provided to the Company in the following month.
- Under the Supplemental Agreement, Sinochem Finance has undertaken that it will deliver to the Company a monthly report on the status of the Group's deposits, loans and other transactions between the Group and Sinochem Finance on the third day of each month.
- Under the Supplemental Agreement, Sinochem Finance has also undertaken that it will provide the Company with a copy of each regulatory report submitted by it to the CBRC.
- The Company will monitor the status of the deposits on a daily basis through the internet banking services provided by Sinochem Finance.
- The Company will monitor the status of the deposits to ensure that the amount of the Group's deposits with Sinochem Finance will not exceed a certain percentage of the total bank balances and cash and short-term financial products of the Group so as to limit the maximum risk exposure arising from the Deposit Services.
- The internal control department of the Company will conduct an annual review of the above internal control measures and report the review results to the independent non-executive Directors.

The Board considers that the above internal control procedures and corporate governance measures currently adopted by the Company concerning the continuing connected transactions with Sinochem Finance are appropriate and sufficient, and that the procedures and measures give sufficient assurance that the continuing connected transactions will be appropriately monitored by the Company.

REASONS FOR AND BENEFITS OF THE CONTINUING CONNECTED TRANSACTIONS

The Company believes that the risk profile of Sinochem Finance, as a provider of financial services to the Group, is not greater than those of independent commercial banks in the PRC because:

- (i) Sinochem Finance is regulated by the PBOC and the CBRC and it provides its services in compliance with the relevant rules and operational requirements promulgated by the abovementioned authorities, including capital risk guidelines and requisite capital adequacy ratio requirements;
- (ii) Sinochem Finance has not defaulted on any of its credit obligations or, to the knowledge of the Company, breached any rules or operational requirements of such regulatory authorities during the past three years. In particular, the CBRC monitors Sinochem Finance's compliance with relevant regulatory authorities and conducts on-site visits from time to time. To the knowledge of the Company, other than the opinions on corrective measures issued by the CBRC during its on-site visits, the CBRC has not taken any disciplinary actions, or imposed penalties or fines on Sinochem Finance since its incorporation; and
- (iii) according to the relevant laws and regulations promulgated by the CBRC and as set out in the articles of association of Sinochem Finance, in the event that Sinochem Finance falls into financial difficulty, Sinochem Corporation, being the holding company of Sinochem Finance, has the obligation to take all required steps, such as injecting additional capital into Sinochem Finance based on its funding needs, to restore its financial position.

The advantages of utilizing financial services provided by Sinochem Finance over utilizing similar services provided by independent commercial banks are as follows:

- (i) as the internal financing platform of Sinochem Group, credit line provided by Sinochem Finance will not be affected by external environmental changes, and can be the most reliable and stable finance resource for the Group; meanwhile, Sinochem Finance can provide mid-term and long-term credit line for the Group, therefore optimizing the capital structure of the Group;
- (ii) the Company usually needs to make an appointment one week in advance or even longer to obtain loans from external banks while the loan drawdown procedure of Sinochem Finance is rather convenient and can be completed within 1-2 days, which can meet the capital demand of the Group's business in time;
- (iii) Sinochem Finance will provide more favourable deposit portfolio for the Group based on the condition of the Group, which can increase capital returns while retaining the working capital flexibility of the Group; and
- (iv) the settlement service provided by Sinochem Finance will result in no commission for settlement among member companies of the Group, therefore reducing the transaction costs.

However, if independent commercial banks or other financial institutions offer specific advantages which are more favourable to the Group in respect of any of the financial services set out in the Financial Services Framework Agreement (as revised by the Supplemental Agreement), the Group may discontinue its use of all or any of such services provided by Sinochem Finance without having to incur extra cost.

The Directors, other than the independent non-executive Directors who will express their opinion in a separate letter to be included in the circular, are of the view that the continuing connected transactions contemplated under the Financial Services Framework Agreement (as revised by the Supplemental Agreement) have been conducted on normal commercial terms, were entered into in the ordinary and usual course of business of the Group, are fair and reasonable and in the interests of the Company and its shareholders as a whole, and that the annual caps for the continuing connected transactions contemplated under the Financial Services Framework Agreement (as revised by the Supplemental Agreement) are fair and reasonable.

Mr. Zhang Wei and Mr. Yang Lin, being Directors of the Company and management members of Sinochem Group, have abstained from voting on the relevant Board resolution to approve the Financial Services Framework Agreement (as revised by the Supplemental Agreement) and the transactions contemplated thereunder.
