# ANNOUNCEMENT CONTINUING CONNECTED TRANSACTIONS UNDER THE LEASE CONTRACT (AS EXTENDED BY THE SUPPLEMENTAL AGREEMENT)

Reference is made to the announcement of the Company dated 28 January 2015 in relation to, among others, the Lease Contract entered into between Sinochem Fertilizer (an indirect wholly-owned subsidiary of the Company) as the lessee, and Chemsunny as the lessor. The Lease Contract expired on 31 December 2017. On 23 March 2018, Sinochem Fertilizer entered into the Supplemental Agreement with Chemsunny to extend the term of the Lease Contract to 31 December 2018 and specify the rentals and management fees of the Properties during the extended lease term. The Properties will continue to be used as office premises by Sinochem Fertilizer.

Sinochem Fertilizer is an indirect wholly-owned subsidiary of the Company. Chemsunny is an indirect non-wholly-owned subsidiary of Sinochem Group, which is the ultimate controlling shareholder of the Company holding an effective interest of approximately 52.65% of the Company. Chemsunny is therefore a connected person of the Company. Pursuant to Chapter 14A of the Listing Rules, the transactions contemplated under the Lease Contract (as extended by the Supplemental Agreement) constitute continuing connected transactions of the Company. Given that the relevant applicable percentage ratios in respect of the annual cap for the continuing connected transactions under the Lease Contract (as extended by the Supplemental Agreement) are more than 0.1% but less than 5%, such transactions are subject to the reporting, announcement and annual review requirements but are exempt from the independent shareholders' approval requirement under the Listing Rules.

#### **BACKGROUND**

Reference is made to the announcement of the Company dated 28 January 2015 in relation to, among others, the Lease Contract entered into between Sinochem Fertilizer (an indirect wholly-owned subsidiary of the Company) as the lessee, and Chemsunny as the lessor. The Lease Contract expired on 31 December 2017.

On 23 March 2018, Sinochem Fertilizer entered into the Supplemental Agreement with Chemsunny to extend the term of the Lease Contract to 31 December 2018 and specify the rentals and management fees of the Properties during the extended lease term. The Properties will continue to be used as office premises by Sinochem Fertilizer.

#### **Principal Terms of the Lease Contract (as Extended by the Supplemental Agreement)**

#### **Parties**

- (a) Sinochem Fertilizer (as the lessee)
- (b) Chemsunny (as the lessor)

#### Leased Properties

The entire tenth floor of the Central Tower of Chemsunny World Trade Centre, an office building on Fuxingmen Nei Avenue, Xicheng District, Beijing, the PRC. The Properties have a total gross floor area of 4,804.80 square metres, and are used as office premises by Sinochem Fertilizer.

#### Rentals, Management Fees and Utility Charges

The rentals and the management fees of the Properties are RMB1,921,987.38 and RMB155,310.21 per month, respectively, payable by Sinochem Fertilizer on a quarterly basis. Sinochem Fertilizer shall also make quarterly payments of utility charges for water, electricity, gas, telephone, overtime air-conditioning and other miscellaneous fees actually incurred in respect of the Properties. The rentals shall be paid by Sinochem Fertilizer to Chemsunny, and the management fees and utility charges shall be paid by Sinochem Fertilizer to the property management company designated by Chemsunny.

The rentals and the management fees of the Properties are determined based on arm's length negotiations between the Group and Chemsunny on the prevailing market rates and on normal commercial terms. When determining the prevailing market rates, the Group has made reference to the rates of similar types of properties in the surrounding areas and the rates charged by Chemsunny to other tenants of Chemsunny World Trade Centre.

#### **Term**

The term of the Lease Contract is extended by the Supplemental Agreement to 31 December 2018.

#### ANNUAL CAP

The Company estimates that the annual cap (inclusive of the rentals, management fees and utility charges) for the continuing connected transactions under the Lease Contract (as extended by the Supplemental Agreement) for the year ending 31 December 2018 will be RMB40,000,000. Such annual cap has been determined based on the amounts of rentals and management fees stipulated in the Supplemental Agreement and the estimated utility charges during the extended lease term.

The historical amounts of such continuing connected transactions for the three years ended 31 December 2017 were approximately RMB22,952,000, RMB19,972,000 and RMB22,740,000, respectively.

#### REASONS AND BENEFITS FOR THE CONTINUING CONNECTED TRANSACTIONS

Chemsunny World Trade Centre is a high-end office building, located on Fuxingmen Nei Avenue within Beijing's financial district, in close proximity to two main subway lines. Sinochem Fertilizer has been using the Properties in Chemsunny World Trade Centre as its office premises. The Directors consider that it is in the best interest of the Group to continue to lease the Properties from Chemsunny and it is necessary for and conducive to the daily operations of Sinochem Fertilizer.

The Directors (including the independent non-executive Directors) are of the view that the continuing connected transactions under the Lease Contract (as extended by the Supplemental Agreement) have been conducted on normal commercial terms, were entered into in the ordinary and usual course of business of the Group, are fair and reasonable and in the interests of the Company and the shareholders as a whole, and that the annual cap for the continuing connected transactions under the Lease Contract (as extended by the Supplemental Agreement) is fair and reasonable.

Mr. Zhang Wei and Mr. Yang Lin, being Directors of the Company and management members of Sinochem Group, have abstained from voting on the relevant Board resolution to approve the transactions contemplated under the Lease Contract (as extended by the Supplemental Agreement).
